A WEEKLY PAPER--DEVOTED TO LOCAL AND SOCIETY NEWS.

FRANKFORT, KY., JULY 2, 1897.

Pea Ridge.

Wheat cutting in progress; about half already cut; yield good.

Mr. Will Tracy and son, Sam, are cultivating an immense crop of corn at Fleetwood.

Mr. Burge preached here last Sunday and will preach again on the fourth Sunday in July.

Mr. John Pierce, whose health has been very delicate for the past few months, is reported better.

Mr. and Mrs. Joe Allison, of Lebanon, visited Mr. Isiah Pierce and family last Saturday and Sunday.

Mr. John Burk and daughter, Mrs. Robert Nolan, of Chouteville, visited Mrs. Edge and family of Pea Ridge Sunday.

Sunday-school organized here last Sunday. Mr. Corran, Superintendent, Mrs. Ellen Dennis, Assistant, Arthur Edge, Secretary and Treasurer. Come Sunday at 3 p. m.

Splendid growing weather weeds fast outgrowing the corn, with harvest in progress. Some of our farmers are crowded with work so much that after cutting wheat all week they were compelled to thin corn last Sunday.

The Board of Directors, at the last meeting, struck out Russell Mill from the name of our pike. It was very misleading because there is neither a mill or a Russell in our district. It will be known hereafter simply as the Pea Ridge Pike.

Mr. John Angrave, the well-known butcher, who has such a host of friends in the county, is very sick at his residence near Bridgeport. Mr. Angrave has been a great sufferer for more than a year, being confined to his bed a greater part of the time.

If the lady who was in Dr. J. S. Collins' office week before last when a lady fainted in the dentist's chair will kindly send her address to Mrs. L. Edge, Frankfort, Ky., the favor will be appreciated.

The Ridge Scribe wants the name and address of the young man who was sent to Chapman & Williams' drug store for whiskey to restore a fainting patient some time ago. Please leave name at ROUNDABOUT office.

A specimen of Frankfort dentistry is being exhibited on the Ridge and other parts of the county. Who sees it make remarks that are not at all complimentary to the dentist, either for his intelligence, skill or humanity. It is too bad the section of splintered jawbone attached, which must have caused the unfortunate victim the most exquisite torture.

All those needing dental work ought to see this sample of the dentist's skill and then they would know where not to go to have their teeth drawn.

Gentle reader, this advice costs you nothing to regard it. Disregard it and it may cost you intense suffering and a broken jawbone.

The killing of the unfortunate young Daily has been principal topic of conversation since that time. It is quite a curious medley of opinions advanced. Everyone denounces setting death traps and that setting the gun that killed the unfortunate boy was wicked, cruel and cowardly and great sympathy is expressed for the family. "He had no business there at that time. He could have escaped the shot by not being there." Quite true, but if every one in our county was to be shot dead for being there they had no business our population would be decidedly slim. Mr. Finck took what he thought proper precaution to protect his property, and only those who have suffered from night marauders are competent to enter into judgement on his action. The poor boy is not here to speak for himself, so that if we remember his faults we should also remember his rights. Let us hope that "Lead us not into temptation but deliver us from evil."

The directors of the Pea Ridge pike have been compelled, much against their will, to place a toll gate on the pike to collect a small amount to keep it repaired, and all our people who are compelled to travel that way go through it much against their will, but very few travel that way. The old county road is being used again--saddles instead of vehicles. What a change five cent toll will make. For instance, J. E. M. and Arctic used to be the four brands found in our houses, but since the toll gate has been placed Belle of Waddy and a Lawrenceburg brand have run the first two brands out. It is because most of our people go to Bridgeport and Hardinsville for supplies.

The toll to Hardinsville is the same as it is to Frankfort, but there is a wide-awake merchant there who will pay the toll of all his customers from here. There is so much importance in this matter that no notice will be taken of it by Frankfort merchants and so Bridgeport and Hardinsville put as mall ad, describing what you have got and prices, in next issue of the ROUNDABOUT and if it don't bring you two dollars for one invested send the bill to the Ridge Scribe, care of the Editor, and it will be promptly paid.

27% Difference

The "Royal" the Strongest and Purest Baking Powder.

Whether any other baking powder is equal to "Royal," let the official reports decide. When the different powders were purchased on the open market and examined by Prof. Chandler, of the New-York Board of Health, the result showed that Royal Baking Powder contained twenty-seven per cent. greater strength than any other brand.

When compared in money value, this difference would be as follows:

If one pound of Royal Baking Powder sells for 50 cents,

One pound of no other powder is worth over 36 cents.

If another baking powder is forced upon you by the grocer in place of the Royal, see that you are charged the correspondingly lower price.

Cholera infantum has lost its terrors since the introduction of Chamberlain's Colic, Cholera and Diarrhoea Remedy. When that remedy is used and the treatment as directed with each bottle is followed, a cure is certain. Mr. A. W. Walters, a prominent merchant at Watertown, Ill., says: "It cured my baby boy of cholera infantum after several other remedies had failed. The child was so low that it seemed almost beyond the aid of human hands or reach of any medicine." 25 and 50 cent bottles for sale by J. W. Gayle, Drug-ist. 43-1m.

The Old Original Remedy Leads.

Sick people should not be deceived by pretenders who talk about "Microbi," "germs," "bacilli," &c., to sell their preparations, thus preventing people from buying the original tested medicine. "Kadams' Microbe Killer" is what you need. It is now, and for years has been, making more cures than all other remedies combined. Read our advertisement in this paper. Don't be deceived.

GOOD THINGS

ARE IN STORE FOR YOU.

THE GOOD THINGS WE REFER TO ARE IN OUR STORE, AND THEY ARE THERE FOR YOU AND EVERYBODY.

OUR STOCK IS LIKE A STREAM—hundreds take from it, yet it never diminishes. This, of course, is because there is a never-dying spring of supply that feeds the stream.

SLUGGISH STREAMS STAGNATE—So do sluggish stocks. They become decayed. They are not fit for commercial use any more than decayed meat. Finally, they are known as "dead."

CONSTANT MOTION KEEPS WATER IN THE BEST CONDITION—and a constant flow of trade keeps a stock in best condition. We have no dead stock, because our stock never stands still. It is always flowing out and flowing in.

DO YOU APPRECIATE THE ADVANTAGE of buying always from a clean, fresh stock of new goods? If you do, you can have that advantage by trading with,

The Trouble Over.

A prominent man in town exclaimed the other day: "My wife has been wearing out her life from the effect of dyspepsia, liver complaint and indigestion. Her case baffled the skill of our best physicians. After using three packages of Aunt Fanny's Health Restorer she is almost entirely well." Keep your blood in a healthy condition by the use of this great vegetable compound. Call on Chapman & Williams and get a trial package free. Large size 60c.

The Clay Banks.

The Clay Bank Club will give their eighth annual picnic at Walcutt's spring, two miles up the river, on Monday, and we dare say no party which leaves the city on that day to enjoy the Fourth will have more real genuine pleasure than the Clay Bankers. Vacancies Filled.

Mr. W. S. Dehoney tendered his resignation as Commissioner of the Feeble-minded Institute to the Governor on Wednesday, after a service of eighteen years in the position. "NOT LOADED" PISTOL

Does Its Work Quickly.

James Nutgrass, a young man about 25 years of age and several companions from Graefenburg, Shelby county, came to this city Saturday and remained until late in the night, returning home early Sunday morning. On arriving in Graefenburg they went to the grocery of Mr. Gibbs and called him up for some purpose. After getting what they wanted the whole party sat down in front of the store. In a few moments Nutgrass took a pistol from his pocket and began snapping it at the others. They told him to put it up as it might go off and hurt some of them. He replied, "It's not loaded," placed it to his head and snapped it. He then pointed it at his head a second time, saying: "If it goes this time it will send me to hell in two minutes." This time the hammer struck a cartridge and the pistol exploded, the ball passing through the brain of the foolish young man and inflicting a wound from which he died in a few hours.

Nutgrass was the only child of a widow, and the poor woman is nearly crazed by his sudden death at his own hands. He was a popular young man of bright mind and had been thoroughly at himself would never have been guilty of such folly.

A Southern Magazine.

Mr. George G. Pettit, who for a number of years has conducted a successful publishing establishment in the city of Louisville, Ky., will in connection with Mr. Charles Ernest Shober, the author of numerous articles and sketches of Southern life and scenes, commence in July a monthly publication under the name of "FETTER'S SOUTHERN MAGAZINE." In construction and in point of merit this publication is to be of a high class of excellence, handsomely illustrated and will contain contributions from the pens of some of the best authors and essayists of the day. It is the intention of the publishers to develop the vast amount of talent in the South, and they invite correspondence and contributions from unknown writers whose unsuccessful efforts to gain recognition in the columns of Eastern publications have caused them to become discouraged and to abandon their literary aspirations.

Under the able editorship of the Hon. J. Soule Smith (Falcon), of Lexington, Ky., whose brilliant productions have given to him an enviable position in the literary world, this new magazine should, and doubtless will, receive the support from Southern people its merit deserves.

The Kentucky Training School.

Whose card appears in another column, is a new candidate for public favor; although only established two years ago, its success has been remarkable. Last year every room was full, and this summer new buildings are being erected to accommodate the increased demand. The secrets of its success are individual instruction and keeping every boarder in the house with the Superintendent, which ends are secured by limiting the number of cadets. Its course is designed to accommodate that large class that demand a practical education, as well as the more limited number who wish to prepare for our leading universities. Its circular is readable from beginning to end. Major Fowler, the Superintendent,

was formerly connected with the Kentucky Military Institute, near this city, eleven years—six years as pupil and five years as teacher.

Y. M. I. Picnic.

Young Men's Institute, No. 161, of this city, will give a picnic, on Tuesday, July 19th in one of the many beautiful groves near town.

Closed Down.

The Carlisle Distillery closed down for the season last week, and the O. F. C. Distillery ran out on Wednesday. The Hermitage Distillery will also close down next week.

Struck by Lightning.

During the thunder storm of Tuesday night a large tree in the yard of the saw-mill of Messrs. W. J. Hughes & Co., on Wilkinson street, was struck by lightning and the foliage badly blighted.

To Prison.

Ash Spaulding, David Linton and Thos. J. Riddick, all convicted at the late terms of the United States Court, were taken to the penitentiary at Jeffersonville, Indiana, by Deputy U. S. Marshal Con. McCarty, Tuesday, to begin serving their sentences.

More Improvements.

Mr. William Craik has commenced the erection of a handsome two-story residence upon his lot on the north-east corner of Main and Campbell streets, and Miss Louise A. Ward has just completed an addition of several rooms to her residence upon the south-east corner of the same streets.

Sale of Bank Stock.

By reference to our advertising columns it will be seen that fifteen shares Frankfort National Bank stock will be offered at public sale at the Court House door on Monday next, County Court day. Persons having money to invest in such stock should be on hand, as it certainly will be sold.

Dead Sea Fruits.

They say multitudes when they are the product of neglect of indigestible diseases. A "cold," a fit of indigestion, biliousness or constipation each or any of these "minor ailments" which in many cases has "wrecked" the system. Give them a swift, sure defeat with Hostetter's Stomach Bitters and avert the danger. Already administered an alarming remedy to the man who informed him that he had "only a cold," "only a cold," repeated the doctor. "What has happened to the man? Rheumatism and a grippe are easily distinguishable from the cold. Then he told me to get a full head of steam." Put on the brakes with the Bitters. He could walk again. The system, the nervous system, the circulation of the blood, its sea ionic and strengthening effect, upon the nervous system, specially recommends it to the afflicted and sick. 'Tis the great specific for malaria.

Won the Derby.

Carlsbad, owned by Mr. Robert A. Swigert, of Lexington, won the American Derby at Chicago, Saturday, with Zaidvar, second, Cicero third, Azra fourth, Ireland's Newton fifth. The stake was worth \$17,000 to the winner.

The statement published in the daily papers that Mr. Jos. Swigert, of this city, won heavily on the race is denied by a gentleman of this city who witnessed the race.

Sure to Be Built.

We are informed by Mr. John Meagher, who purchased the street railway franchise in this city, that that the road will certainly be built; that a large portion of the material for the same has been purchased and work will be commenced in due time. He says there is no doubt about our having a road, but his other interests have been pressing in their demands upon his time that he has not had an opportunity to look after the railway as he otherwise would, hence the delay in getting started on the work of construction.

Cattle for Europe.

Mr. Nelson Morris, of Chicago, shipped from this city, over the Kentucky Midland Railway, on Thursday, twenty car loads of beef cattle he has been shipping at the distilleries of the George T. Staggs Co. the past season. The train was made up of cars specially adapted to shipment of live stock, being provided with the means for feeding and watering on the route, and will run through solid to Boston, whence the cattle will be shipped by steamer to Europe. The Midland may be a small road, but the management can handle big undertakings as well as any road in the country.

Death of Brownie Bohannon.

A letter received in this city on Saturday conveyed the sad intelligence that little Brownie, youngest daughter of Mrs. Mary T. Bohannon, died on Thursday of last week at the residence of her mother in Independence, Missouri, aged eleven years. The little one was the child of affliction and few days of her young life had been free from suffering, but young as she was she had given her heart to the Blessed Saviour, all her trials were borne without a murmur, and her death was but the sweet, gentle sleep which precedes the glorious awakening in the beautiful hereafter. She was a grand daughter of the late William M. Todd, for many years a beloved citizen of this city, and was named for the late Mrs. Mason Brown—Mary Brown.

Duly Appreciated.

The Louisville Southern Railroad has placed in service free parlor car, leaving Louisville daily at 7:45 a. m. arriving at Lexington 11:10 a. m. Returning leaving Lexington daily at 3:55 p. m., arriving in Louisville at 7:25 p. m.

In addition to the above, the L. S. R. R. in connection with the Queen & Crescent Route, have put in a through coach leaving Louisville at 4:15 p. m., via. Burgin, arriving at Junction City at 8:40 p. m. Returning, leaving Junction City at 6 a. m., arriving at Louisville at 10:50 a. m. This equipment has been put on to accommodate the increasing travel between the above sections of country, and will be a great convenience for the public in addition to being a source of revenue for the railroad companies.

A Familiar Face.

Dr. J. G. Hatchitt, for eighteen years postmaster in this city, was in town on Tuesday, looking just as young as he did twenty years ago. For the past six or eight years the Doctor has been making his home in the west, and is now one of the agents of the Government for the allotment of lands in severity to the Sioux and Crow Indians and has been making his headquarters at the Yankton Reservation, in Wyoming. He has been transferred to Devil's Lake, in the same State, and he and his wife took advantage of a short leave of absence to visit their son, Mr. Clay H. Hatchitt, at Newtown, Scott county, and the Doctor ran down here Tuesday to shake hands with old friends.

How we Celebrate.

The glorious Fourth promises to be a quiet day in this city, although it falls on County Court day. The colored people will give a picnic out in Brown's Bottom, there will be two games of base ball played at Lake Park between the Frankforts and the Olympic Club, of Louisville—the first game at 10:30 in the morning and the second at 3:30 in the afternoon—and the wheelmen will give a bicycle tournament at Col. R. P. Pepper's track in the afternoon at 2 o'clock. Most of the business houses will be closed and the whole city will take a rest and try to keep cool.

For a Large Tract.

County Clerk N. B. Smith filled an order last week for a copy of a deed conveying an immense body of land. The instrument was executed on the 13th of August, 1830, and conveyed 2,562,304½ acres of land, lying in this State and Virginia, from James Swan to Samuel Allison. The original deed was recorded by the late Col. A. H. Rennie and the copy made of it covered fifty-seven pages of legal cap paper, closely written. It was wanted by Mr. W. W. Adams, of Charleston, West Virginia.

In His Office.

Dr. C. B. Chinn, having recovered sufficiently from his six months' illness to resume practice, was in his office yesterday for the first time this year, and hopes to be able to come over every day hereafter, and will be glad to see any of his friends who are in need of his professional services. He still retains the same office on Ann street in the Capital Hotel building.

One of the Speakers.

Chief Justice W. H. Holt will be one of the speakers at a grand celebration of the Fourth of July on the Fair Grounds at Mt. Sterling on Monday.

CASTORIA

for Infants and Children.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me." H. A. ARCHER, M. D., 111 So. Oxford St., Brooklyn, N. Y.

"The use of 'Castoria' is so universal and its merits so well known that it seems a work of supererogation to endorse it. Few are the intelligent families who do not keep Castoria within easy reach." CARLOS MANTON, D. D., New York City, Late Pastor Bloomingdale Reformed Church.

Castoria cures Colds, Constipation, Sour Stomach, Diarrhea, Eruption, Kills Worms, gives sleep, and promotes digestion. Without injurious medication.

"For several years I have recommended your 'Castoria,' and shall always continue to do so as it has invariably produced beneficial results." EDWIN F. PAXSON, M. D., "The Winthrop," 128th Street and 7th Ave., New York City.

May be Extended.

The survey of the preliminary line
of railroad from this city to Alton, to
connect the Kentucky Midland and
Louisville Southern Railways, has
been completed, and the corps
of engineers left for Mt. Sterling
Thursday and are now engaged in
surveying for a branch line of the
Kentucky Midland from North Mid-
dletown, in Bourbon county, to that
city. The probabilities are now
very strong that the Midland will be
extended in both directions.

Aquatic Exhibition.

Capt. L. D. Blondell will give an
exhibition of marvelous swimming
at Tyrone to-morrow afternoon. The
Steamer Little Sandy and barge will
take an excursion party from Mon-
terey and this city to witness the per-
formance. The Captain does not use
a rubber suit or other artificial means
to support him while in the water,
but depends entirely upon his own
exertions as an expert swimmer.

Mr. Van Pelt, Editor of the Craig,
Mo., Meteor, went to a drug store at
Hillsdale, Iowa, and asked the physi-
cian in attendance to give him a dose
of something for cholera morbus and
looseness of the bowels. He says: "I
felt so much better the next morning
that I concluded to call on the physi-
cian and get him to fix me up a sup-
ply of the medicine. I was surprised
when he handed me a bottle of
Chamberlain's Colic, Cholera and
Diarrhea Remedy. He said he pre-
scribed it regularly in his practice
and found it the best he could get or
prepare. I can testify to its efficiency
in my case at all events." For sale by

Base Ball.

INTERRUPTED BY RAIN.

The game with the Deppens on
Friday of last week was called in the
third inning on account of rain, with
one man out for the Deppens and
Glazebrook at the bat. The
score stood Frankforts, 6; Deppens, 2.
Hits, Frankforts, 6; Deppens, 3. Er-
rors, Frankforts, 2; Deppens, 4. The
Deppens went to bat first. Staggs
and Golus were the battery for the home
club and Laffan and Redding for the
visitors. It would have been a walk-
over for the home team. Walter
Merchant and Ben Marshall helped
the visitors out, as they were short of
men. Shreve was here, but was not
allowed to play.

POSTPONED INDEFINITELY.
The Lexington Transcript of Sun-
day contained the following:

Manager Ramsey will run an ex-
cursion and take his crack Lexington
team to Frankfort on Wednesday to
down the Capital City club. The
home team has played six games this
year and won all of them. Frankfort
has been victorious in all its contests
and is willing to bet that no semi-
professional club in the State can
down them, and to use Mr. Ramsey's
expression, "we are going down to
take some of the conceit out of
them."

Half fare excursion rates will pre-
vail and a large crowd should go
down to cheer the boys. Lexington
will have the same team with which
it beat the crack Mohawk Browns
and it is safe to say it will take a
League team to win the ball.

As manager Ramsey telegraphed
the locals, on Tuesday morning, to
cancel the date, we suppose the oper-
ation has been indefinitely post-
poned.

Mrs. H. E. Weman,

No. 2 Linn St., Janesville, Wis., under
date of June 16, writes the following:
"Kenyon & Thomas and I was confined
to my bed four months with inflamma-
tion of the right ovary; had a good
physician, tried almost everything,
got very little help until I tried your
Dr. Hale's Household Ointment, about
four months ago. It has done won-
ders for me. I can do quite a good
day's work. I have every reason to
believe that it will entirely cure me.
I am also using your Dr. Hale's
Household Tea with good results."
Sincerely yours,
MRS. H. E. WELLMAN.

Poisoned in a Good Cause.

A peculiar case of poisoning is reported to have happened near Crawfordville, Ind. At a large party, a new-fangled kissing game was introduced, which proved very popular. The young men, on arriving, drew strings of variegated colors from a box and then selected girls whose dresses matched this string. A young granger then took one of the strings in his mouth and the girl attached her face in a similar way to the other end. Both then chewed up the string until they were mouth to mouth, when several kisses were exchanged. They enjoyed the game very much, but several were taken sick afterward, being seriously poisoned by the dyes used in coloring the strings.—Ee.

Council Proceedings.

TUESDAY, June 28, 1892.
The council was held in order a little after 8 o'clock by President Staten, with all the members present except councilmen Shaw and Darrell.

The minutes of the last meeting were read and approved.
The following message was received from the Mayor, which was read and laid on the table:

MAYOR'S OFFICE,
FRANKFORT, KY., June 28th, 1892.
To the Board of Councilmen of the City of Frankfort:
GENTLEMEN:—I deem it my duty to call the attention of the council to that provision of the contract between the city and the gas company with reference to the price of gas to private consumers for the term of five years beginning with July 1st, 1892, and ending July 1st, 1897.

The city and the gas company are mutually interested in the strict fulfillment of this contract, and the citizens are deeply interested in cheap lights. You will observe by reference to the contract that the price of gas to private consumers in this city for the next five years is regulated by the average of prices in cities and towns of this State of the same and less population than that of the city of Frankfort, on July 1st of this year. The council should, therefore, endeavor to secure such information as would enable them to intelligently agree with the gas company upon a price, for the term mentioned, mutually satisfactory to both.

I am informed that gas is furnished private consumers in the city of Henderson at one and twenty-five one hundredths dollars per thousand feet, Bowling Green at one and twenty-five one hundredths dollars, and Hopkinsville at one and twenty-five one hundredths dollars. I have no information as to the prices charged in Mayville, Danville, Ashland, Lebanon, or other cities of less population than Frankfort.
For the reasons recited, and for the

further reason that it is your duty to do so, I suggest that the gas committee be instructed to communicate with the officials of all cities and towns of the classes mentioned, with a view to ascertaining the price of gas to private consumers charged in such cities on July 1st, 1892.

Very respectfully,
RICHARD TOBIN,
Mayor.

A message was received from the Mayor announcing that he had signed the ordinance allowing the rebate on taxes.

A petition was received from Mr. J. C. Rogers, asking the council to remit his son Frank's fine for carrying concealed weapons. The petition was laid on the table.

A petition was received from J. W. Gaines & Son, asking that their license be reduced from \$100 to \$50. The price of their license was then fixed at \$75.

A petition was received from Mrs. Ada Garrett, asking that the taxes on her bank stock be stricken out. Adopted.

The license committee recommended that Mr. Sid Davis be granted a coffee house license. Mr. Davis' petition was numerously signed and so was the protest. The license was granted.

The clerk stated that he had called on Mr. John Meagher for the street car money, but it was not paid. The clerk also stated that the Police and Fire Commissioners held a meeting Tuesday afternoon and recommended to the council that they do away with the hook and ladder horse and retain the driver. Referred to the fire committee and commissioners, with power to act.

The reports of the city clerk and treasurer were received and ordered filed.

The ordinance funding \$19,000 of the city's floating debt was adopted. The council then adjourned until Wednesday night, for the purpose of discussing the new charter for the city of the third class with Judge Drake.
